T-Tech 2021 Future Transport Conference

Intelligent Transport Systems New Zealand (ITSNZ) is excited to bring T-Tech 2021 to Wellington.

The T-Tech Conference is New Zealand's leading forum to discuss innovations and solutions that help make transport safe, sustainable and efficient.

Attracting hundreds of delegates, T-Tech aims to inform on the future of transport and mobility, highlighting new solutions and trends and creating a forum for debating the value and applicability of solutions.

This is your chance to connect with like-minded folks through our virtual community.

Topics covered will be relevant to a wide audience including; government, engineers and consultants, technologists, urban planners, commercial property developers and logistics businesses.

2021 Conference Themes: Transport Sustainability, Safety & Equity
