

DUBAI
ITS World Congress
16-20 September 2024
Mobility Driven by ITS

Call for Demonstrations

An opportunity for leading technology companies, start-ups and academic institutions to showcase their latest innovations in the field of ITS at **Dubai's World Congress in September 2024.**

The ITS World Congress 2024 offers a large-scale, interactive demonstration platform to showcase the technological innovations in the field of ITS to Congress attendees and the ITS Community. In addition to the conference programme and technical visits, visitors will get the chance to experience and engage with demonstrations featuring modern advancements in urban and clean mobility, autonomous and self-driving vehicles as well as the latest innovations in transport and logistics.

We cordially invite you to present exciting, creative technological innovations and products to a large technical expert audience.

Moving into the future with DWTC

Event Venue

For 40 years, the Dubai World Trade Centre has been supporting large events with full audiovisual and rigging support, onsite advertising, branding and stand building, as well as catering for up to 15,000 people per day.

The venue offers an outdoor Exhibition Plaza (4,807 sqm) next to the indoor Saeed Halls 1+2+3 (15,081 sqm) with a total area of 19,888 sqm.

Show your innovation

Submissions for Demonstrations should answer the following questions:

- What can your innovation add to the future of mobility?
- How will you demonstrate your innovation?
- How is your innovation distinguishable from existing technologies?
- How mature is your innovation?
- Will your idea or product be showcased for the first time in its current format and version?

Your demonstration should bring to life one of the following themes:

Urban mobility

Innovation in transport and logistics

Clean mobility

Autonomous and self-driving vehicles
